F-5 Immovable Obstructions Close to Putting Greens (eg. Sprinkler heads)

In addition to the types of interference described in Rule 16.1a, when a ball lies in the general area, interference also exists if an immovable obstruction is: on the player's line of play, is within two club-lengths of the putting green and is within two club-lengths of the ball. The player may take relief under Rule 16.1b. (Exception – There is no relief under this Local Rule if the player chooses a line of play that is clearly unreasonable.)

F-24 Relief from Interference of Immovable Obstruction in Penalty Areas

The rock retaining walls and landscape lighting inside PA's on holes 1, 7, 14 and 18 are considered immovable obstructions and relief is allowed. For a ball located inside the PA, relief must be taken in the PA, within one club length of where the ball lies and not nearer the hole. There must be complete relief from the immovable obstruction. For a ball located outside the PA, relief is available under 16.1.

G-7 Prohibiting Use of Certain Types of Shoes

During a round, a player must not wear shoes with spikes of any design that are entirely or partially made of metal, if such metal may come in contact with the course.
